Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger,

violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not." In this brilliant book, Isabel Wilkerson gives us a masterful portrait

of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son,

Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an

eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

If You Lived Here You'd Be Famous by Now Via

Bleidner 2021-08-10 *If You Lived Here You'd Be Famous by Now* is an insider's collection of funny and warmhearted stories about coming of age in the Los Angeles suburb famed for birthing the Kardashian-Jenners and the Bling Ring. For Via Bleidner, transferring to Calabasas High from the private Catholic school

she's attended since second grade is a culture shock, not to mention absolutely lonely. Suddenly thrust into an unfamiliar world of celebrities, affluenza, and McMansions, Via takes a page from Cameron Crowe and pretends she's on a journalism assignment, taking notes on her classmates and jotting down bits of overheard gossip. Getting through high school in Calabasas is something else—from Kim Kardashian endorsing the students' favorite hidden lunch spot, to the theater program hiring a famous dog to play Elle Woods' Chihuahua in its production of *Legally Blonde*, and Kanye trying to take control of your school to make it the very first YEEZY institution. But instead of floating through high school detached from her peers, Via finds that

putting herself out there—for her writing, of course—just might have been exactly what she needed. She unexpectedly finds an eclectic group of friends to call her own, including a multi-multi-millionaire, a wild-card throwback intent on going viral, a former Disney actor, and a doughnut-dealing madman. With wit, candor, and sharp observations, twenty-one-year-old Via grounds the surreal glamour of Calabasas with reflections on her own coming-of-age, sharing her teenage misadventures as she struggles to fit in, faces crushing social pressure, and eventually makes her own way. *We Have Always Lived in the Castle* Shirley Jackson 1967-10 THE STORY: The home of the Blackwoods near a Vermont village is a lonely, ominous abode,

My Life in Houses

Margaret Forster

2014-11-06 'I was born on 25th May, 1938, in the front bedroom of a house in Orton Road, a house on the outer edges of Raffles, a council estate. I was a lucky girl.' So begins Margaret Forster's journey through the houses she's lived in, from that sparkling new council house, to her beloved London home of today. This is not a book about bricks and mortar though. This is a book about what houses are to us, the effect they have on the way we live our lives and the changing nature of our homes: from blacking grates and outside privies; to cities

dominated by bedsits and lodgings; to the houses of today converted back into single dwellings. Finally, it is a gently insistent, personal inquiry into the meaning of home.

How to Leave Hialeah

Jennine Capó Crucet
2009-09-01 United in their fierce sense of place and infused with the fading echoes of a lost homeland, the stories in Jennine Capó Crucet's striking debut collection do for Miami what Edward P. Jones does for Washington, D.C., and what James Joyce did for Dublin: they expand our ideas and our expectations of the city by exposing its tough but vulnerable underbelly. Crucet's writing has been shaped by the people and landscapes of South Florida and by the stories of Cuba told by her parents and abuelos. Her own stories are informed by her experiences as a Cuban American woman living

within and without her community, ready to leave and ready to return, "ready to mourn everything." Coming to us from the predominantly Hispanic working-class neighborhoods of Hialeah, the voices of this steamy section of Miami shout out to us from rowdy all-night funerals and kitchens full of plátanos and croquetas and lechón ribs, from domino tables and cigar factories, glitter-purple Buicks and handed-down Mom Rides, private homes of santeras and fights on front lawns. Calling to us from crowded expressways and canals underneath abandoned overpasses shading a city's secrets, these voices are the heart of Miami, and in this award-winning collection Jennine Capó Crucet makes them sing.

How Do You Live?

Genzaburo Yoshino 2021-10-26 The first English translation of the classic Japanese novel that has sold over

2 million copies—a childhood favorite of anime master Hayao Miyazaki (*Spirited Away*, *My Neighbor Totoro*, *Howl's Moving Castle*), with an introduction by Neil Gaiman. First published in 1937, Genzaburō Yoshino's *How Do You Live?* has long been acknowledged in Japan as a crossover classic for young readers. Academy Award-winning animator Hayao Miyazaki has called it his favorite childhood book and announced plans to emerge from retirement to make it the basis of his final film. *How Do You Live?* is narrated in two voices. The first belongs to Copper, fifteen, who after the death of his father must confront inevitable and enormous change, including his own betrayal of his best friend. In between episodes of Copper's

emerging story, his uncle writes to him in a journal, sharing knowledge and offering advice on life's big questions as Copper begins to encounter them. Over the course of the story, Copper, like his namesake Copernicus, looks to the stars, and uses his discoveries about the heavens, earth, and human nature to answer the question of how he will live. This first-ever English-language translation of a Japanese classic about finding one's place in a world both infinitely large and unimaginably small is perfect for readers of philosophical fiction like *The Alchemist* and *The Little Prince*, as well as Miyazaki fans eager to understand one of his most important influences.

storytelling journey around the world that celebrates the diversity of homes and the people who are shaped by them. Step into unique homes from around the world and discover the many fascinating ways in which people live and have lived. If you lived in the mountains of southern Spain, your bedroom might be carved out of a mountain. If you lived in a village in South Africa, the outside of your house might tell the story of your family. And if you lived in a floating green house in the Netherlands, you could rotate your house to watch both the sunrise and sunset. With intricate bas-relief collages, Giles Laroche uncovers the reason why each home was constructed the way in which it was, then lets us imagine what it would be like to live in homes

so different from our own. Showing the tremendous variety of dwellings worldwide—log cabins, houses on stilts, cave dwellings, boathouses, and yurts—this book addresses why each house is built the way that it is. Reasons—such as blending into the landscape, confusing invaders, being able to travel with one's home, using whatever materials are at hand—are as varied as the homes themselves. Mark Z. Danielewski's House of Leaves Mark Z. Danielewski 2000 A family relocates to a small house on Ash Tree Lane and discovers that the inside of their new home seems to be without boundaries

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and

stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in

this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

If You Lived Here You'd Be Home By Now

Christopher Ingraham
2019-09-10 An NPR Best Book of the Year The hilarious, charming, and candid story of writer Christopher Ingraham's decision to uproot his life and move his family to Red Lake Falls, Minnesota, population 1,400—the community he made famous as “the worst place to live in America” in a story he wrote for the Washington Post. Like so many young American couples, Chris Ingraham and his wife Briana were having a difficult time making ends meet as they tried

to raise their twin boys in the East Coast suburbs. One day, Chris – in his role as a “data guy” reporter at the Washington Post – stumbled on a study that would change his life. It was a ranking of America’s 3,000+ counties from ugliest to most scenic. He quickly scrolled to the bottom of the list and gleefully wrote the words “The absolute worst place to live in America is (drumroll please) ... Red Lake County, Minn.” The story went viral, to put it mildly. Among the reactions were many from residents of Red Lake County. While they were unflappably polite – it’s not called “Minnesota Nice” for nothing – they challenged him to look beyond the spreadsheet and actually visit their community. Ingraham, with slight trepidation,

accepted. Impressed by the locals’ warmth, humor and hospitality – and ever more aware of his financial situation and torturous commute – Chris and Briana eventually decided to relocate to the town he’d just dragged through the dirt on the Internet. *If You Lived Here You’d Be Home by Now* is the story of making a decision that turns all your preconceptions – good and bad -- on their heads. In Red Lake County, Ingraham experiences the intensity and power of small-town gossip, struggles to find a decent cup of coffee, suffers through winters with temperatures dropping to forty below zero, and unearths some truths about small-town life that the coastal media usually miss. It’s a wry and charming tale – with data! -- of what

Other People's Houses

Lore Segal 2014-09-09

With a foreword by Cynthia Ozick, this semiautobiographical novel of a Jewish girl forced away from home in the face of Nazi persecution is an extraordinary tale of fortitude and survival. On a December night in 1938, a ten-year-old girl named Lore is put on the Kindertransport, a train carrying hundreds of Jewish

children out of Austria to safety from Hitler's increasingly alarming oppression. Temporarily housed at the Dover Court Camp on England's east coast, Lore will find herself living in other people's houses for the next seven years: the Orthodox Levines, the Hoopers, the working-class Grimsleys, and the wealthy Miss Douglas and Mrs. Dillon. Charged with the task of asking "the English people" to get her parents out of Austria, Lore discovers in herself an impassioned writer. In letters to potential sponsors, she details the horrors happening back at home; in those to her parents, she notes the mannerisms and reactions of the new families around her as she valiantly tries to master their language. And the closer the world comes to a new war, the

more resolute Lore becomes to survive. As powerful now as when it was first released fifty years ago, *Other People's Houses* is a poignant tale about the creation of a new life in the face of hopelessness and fear—a hallmark of the postwar immigration experience.
